Framework Crosswalk Analysis

Population Results

1. Population
2. Results (Outcomes, Goals)
3. Indicators (Benchmarks)
   - Data Development Agenda
   - Report Card
4. Baseline
5. Story behind the baseline
   - Cost of Bad Results
   - Research Agenda Part 1
6. Partners
7. What works
   - Research Agenda Part 2
8. Action Plan (strategy)
9. Funding Plan (budget)

Program Performance

1. Customers (Clients)
2. Performance measures
   - Is anyone better off? (customer results)
   - How well did we do it? (quality - effort)
   - How much did we do? (quantity - effort)
   - Data Development Agenda
3. Baseline
4. Story behind the baseline
   - Research Agenda Part 1
5. Partners
6. What works
   - Agency/program actions
   - Partner's actions
   - Research Agenda Part 2
7. Action Plan (strategy)
8. Funding Plan (budget)

Example

Example

All children 0 to 5

All children ready for school

% reading at grade level (3rd gr)
(plus other measures)

Child care for all 4-5 yr olds
(plus other ECE actions)

Children in "Happy Days" Center

% children who know alphabet

Child staff ratio

Number of children served

Teaching the alphabet +

State funds and fund raiser $

Logic Model
(Theory of Change)

5. Goal

4. Outcome

3. Output

2. Activity

1. Input
